## C. F. CARMER PASSES AWAY IN PETALUMA

Former Old Resident of Sonoma Valley Had Passed His 83rd Birthday.

Charles F. Carmer, who before going to Petaluma, had resided in El Verano, and prior to that had been a contracting plasterer in Sonoma Valley for many years, died last Saturday evening, aged 83 years and 4 months. He had been residing with his daughter, Mrs. Alma Cooper in Petaluma, the family having moved there to be near Mr. Carmer's youngest daughter, Mrs. Grace Raney and family. Although an invalid many months before his passing, Mr. Carmer was a patient sufferer and had the constant attention of his devoted daughters.

Deceased was born in New Jersey and had been a resident of California for over a half a century, thirty-nine years having been spent in Sonoma Valley.

The funeral took place here Monday, services being at the Congregational church and interment in Mount Cemetery beside his beloved wife and a son Frank, who preceded him to the great Beyond. The pall bearers were Chas. Potter, G. S. Harris, Geo. Breitenbach, Thos. Baines, Emmet Mullen and L. Mouyer.

Mr. Carmer was a good citizen, a kindly parent and dependable friend who will be missed by many old timers here in addition to the newer friends in Petaluma.

He was grandfather of Percy and Arthur Carmer and Miss Alma Cooper besides the Raney children of Petaluma.

## YOUNG MOTHER CRITICALLY ILL

Mrs. Silas Olin (Nancy Bates) who gave birth to a beautiful baby daughter Christmas has been critically ill this week and on Thursday Dr. Temple of Santa Rosa was called in consultation with Dr. W. B. Hays, attending physician. Mrs. Olin's temperature caused considerable apprehension among her family and many friends.

The baby is doing nicely and has been named Nancy Zoe Olin.

## PROMINENT DAIRY-MAN IS MARRIED

Theodore Amstalden Weds Mrs. Frye and Couple are Given Big Chivari by Friends.

Theo. Amstalden, prominent dairyman, who resides on his fine ranch in the western foothills, claimed as his bride last Saturday Mrs. Frye, a widow lady well known in this valley. The happy couple were given a big reception and chivari by their many friends New Year's eve. The big ranch house was cleared for dancing and Meyers orchestra of Embacadero furnished good music. Friends and neighbors for miles around, including many countrymen of the groom joined in the jollification and the old country dances and real Swiss music was a feature of the evening.

A fine supper served at bounteous tables spread the length of the dining room was enjoyed by all present and there were many toasts and good wishes extended to Mr. Amstalden and his bride.

## CHAMBER OF COMMERCE TO BE RE-ORGANIZED

At Spirited Meeting Members Clamor for New Deal Along Business Lines New Officers Wanted.

Declaring that the Valley of the Moon Chamber of Commerce had been going from bad to worse, that it failed to function properly as a promotion body because it was not conducted along business lines, had no head and did not fill the needs of Sonoma Valley, George Darling, one of the directors of the organization, demanded a thorough house cleaning re-organization and an entire new personnel of officers at a well attended meeting of the body Thursday night. Darling had a substantial backing from many members present who came out to see if something could not be done to revitalize the Chamber of Commerce and put it on a new working basis.

Darling pointed out the fact that there was no treasurer at present, that the system of finances now in use was thoroughly unbusiness-like and unsatisfactory and that the officers were too frequently absent. He advocated the hiring of a competent trained secretary and the co-operation with the American City Bureau in putting the organization on an up-to-date basis of efficiency. We must have the co-operation of all the valley if this Chamber of Commerce is to succeed said the speaker. He declared that with the highway route settled, the organization should work for a fine road across and along the west side of the valley and lend aid to every section wanting improvements. He told of the offers of Chief Cause to put an auxiliary fire apparatus in every populated center of the valley.

Mayor Minges made a motion to elect a new set of officers which was followed by considerable discussion in which Mr. Wagner, J. H. Murray, Jack Main, Mr. Darling and others participated. It was finally decided to elect only a treasurer pro tem, J. M. Minges being chosen, that the American City Bureau be requested to send a man to outline a re-organization plan and that the new set of officers would be subsequently chosen. Mr. Minges, treasurer pro tem, was authorized to confer with the directors, get a financial accounting from Mrs. J. H. Murray and the banks as to the condition of the treasury. Mrs. Murray, who, as secretary, has been collecting dues and handling the funds, said she thought there was about \$100 in the bank.

The Board of Directors will arrange a big meeting on Jan. 19th, when the American City Bureau man will address the body.

Miss Marguerite Helberg, recent graduate of Munson's, has accepted a good position in the office of Attorney Johnson of San Francisco.

## ROUTINE BUSINESS DISPOSED OF AT MEETING

Owing to the absence of Trustees Bates and Dobbel from the city, trustees' meeting on Wednesday night, the January transaction of business was confined to routine matters, it being the policy of the Board to act in co-operation on all matters of discussion and consideration of new business. An affidavit from Gorill & Gorill, street contractors, set forth that the final payment on street paving had been paid on Dec. 21, and also \$1,794.28 additional for work on Spain street and other thoroughfares of the city.

The reports of the city marshal and town recorder were read and referred to the Finance Committee.

Bids for gravel to be furnished were laid over until a full Board shall be present.

Ordinance No. 1151 ordering curb, gutter and side walk improvements on First street south of Napa street to Maple avenue was read for the third time and adopted.

Charles LaTorres asked for permission to fix the approach to his driveway on Napa street. He was referred to the street committee.

## JACK LONDON'S MOTHER IS DEAD

Flora Wellman London Goes to Join Her Noted Son in the Great Beyond.

Flora Wellman London, mother of the late Jack London, died at the East Bay Sanitarium in Oakland on Wednesday, aged 79 years.

Mrs. London had long been the victim of weak health and her death was not unexpected. She had been provided for in Jack London's will and was in comfortable circumstances. In 1873 Flora Wellman married Jack London's father, John London, who had been left a widower with several children, among them Eliza Shepard. Of this union the one son, the literary genius, Jack London, was born. London's mother had been brought up in wealth in her youth and had the advantages of music and of careful tutoring in her early life. She later went through much hardship and struggle and with weakened health and an inclination to delve with spiritualism, her philosophy was not the brightest.

Her life and that of the family is set forth in detail in The Story of Jack London, recently written by Charmain London, and brought out in two volumes by the Century Company.

Flora London's funeral took place Thursday in Oakland where for many years she had resided.

## BOYES SPRINGS SOUNDS WELCOME TO 1922

Thriving Settlement Does Itself Proud at Affair of New Commercial Club.

Boyes Springs staged as pretty a welcome to a new year as was ever put on in Sonoma Valley, so declared all who participated in the night of nights last Saturday when the Boyes Springs New Commercial Club celebrated with their friends at the Boyes Springs club house. Suitable decorations transformed the club house into a very attractive assembly hall and it had the real holiday atmosphere of good cheer and good will. On the outside cheerful bonfires blazed a welcome and at the appropriate hour red fire was burned and sirens, whistles and the fire bell clanged out a noisy welcome to the new year. Refreshments were free to all through the courtesy of the Club and Mr. and Mrs. George Darling of Darling's restaurant.

A program of which Chief Cause was master of ceremonies proved interesting and inspiring. Songs, stories and good talks were given by many present, among them Mayor Minges, the grand old man of Boyes who is a two-year when it comes to boosting. The Mayor said: "You are here attending this welcome to 1922 under the auspices of the Boyes Springs New Commercial Club. The gathering is for better acquaintance and fellowship. As I look on the large number gathered here under Old Glory (I love you, my own United States). I am inspired to welcome you all, no matter what your creed, nationality, denomination or organization and ask you to join us in sociability and good will. We are all one under the one God. We must all pull together. This brings to my mind the time I was once the possessor of 100 black mules, the least in value being \$250. They were driven from span of from ten to twelve, controlled by a single line. The leaders wore bells, when their driven or manager called whoa all stopped as the leader stopped the bell. Then to start them the driver just gave the line a slight pull, the bells began to ring, the teams pricked up their ears, moved forward to tighten the traces, one word, yea, from the driver and all got in and pulled together. That is the secret of everything. All pull together. All have their places, the wheelers, the pointers, the sixes and eights, etc. We must have in our community work a good leader, then the rest to fall in with the leader, all under the control of a trained manager. We hear much of Southern California and the way all are going to boost Northern California. Begin right here. Boost. Do not knock. If any must knock, come to the speaker's office and get a hammer free—to build a good house. I see just over the hill the rays of a new era dawning for us. Soon we will have that lighting system to rival San Francisco or our capital city if we pull together.

"I welcome the children tonight. They are our future citizens. Let us not fail, while we are improving, to leave them a clean record. A community is not what the number of square miles make it but what its number of square citizens amount to. I wish you each and all a Happy New Year."

About 300 people turned out to the fine night and highly praised the program of the evening, including the clever song and dance artists, Sofia and Evelyn Halpern, children of S. Rosenthal's sister; songs by the Taylor family and music by Miss Lovett.

Chief Cause and his fire engine played no small part in the midnight revel and made a run through the valley, greeting all and wishing each a happy new year.

Among those who made a special trip to participate in the Boyes celebration was Mrs. Susan Whiting of San Francisco, donor of the fire bell and her friend, Miss Luella Potter. The fire bell and belfry now bear a copper plate telling the date of Mrs. Whiting's generous gift to the fire department.

Dr. Arbrura and wife, formerly Eleanor Kehoe, are now located in San Francisco, the doctor having sold his practice in Hanford and established himself in the bay city. He formerly practiced here. His wife is a cousin of the Millerick brothers.

## LONG NEEDED IMPROVEMENTS COMING

The city trustees will have cross walks put in between the Mission Creamery corner and the old mission and from the Mission to Shocken's corner. Mr. Shocken is to put in cement walks along his property leading to the N. W. P. depot and other property owners will do likewise. Non-improved street surfaces around the Plaza will be graveled.

A long standing request of the Sonoma Valley Women's Club has been granted and the Board has authorized street lights to be put in at the club house on First street east.

## SONOMA VALLEY WELCOMED NEW YEAR

American Legion Ball Grand Success and Valley Resorts Also Drew Large Crowds.

1922 came in like a hale fellow well met and was accorded a valley-wide reception in Sonoma.

The big town event was the mask ball given by Valley of the Moon Post American Legion. The ex-service men had a big crowd and while not many were masked, the carnival spirit held full sway and everyone praised the band of jazz and joined in the merry maze of confetti and serpentine as at midnight the dancers welcomed the New Year. Many out-of-town folks were present.

Up the valley there was a fine dance at Pancrazi's, a card party at the Glen Ellen Woman's Club, a jolly evening at Steinkamp's, a joyous party at Corcoran's Agua Caliente Springs Hotel and a cabaret and dance at the Tavern, El Verano. Boyes Springs held a big community celebration and in addition there were many private affairs and egg-nog parties.

1922 was duly welcomed.

## MONOTTI GOT AN ORDER FROM MINNESOTA

One of Sonoma's live advertisers is Monotti, the grocer, who, all his life in business has found that success and advertising go together. When he opened his big store in Sonoma he lost no time in telling the people what he had to offer them through the papers. The public responded by becoming his patrons and in addition to local customers he got orders from as far away as Minnesota just on account of his advertising. Here is a copy of a letter recently received by the genial grocer:

Good Thunder, Minn., Dec. 27.  
Monotti, the Grocer,  
Sonoma, Calif.

My Dear Sir:—  
Your Christmas ad in the Sonoma paper makes me think I would like to try those Italian chestnuts. Kindly send me as follows:

Five pounds chestnuts at 30 cents a pound, \$1.50.  
Postage on six pound package will be 61 cents postage, 3 cents revenue, total 64 cents. Enclosed find \$2.14 to cover amount.

Respectfully,  
F. H. GRIFFIN.

## AL STEINS LEAVE SONOMA

Mr. and Mrs. Al Stein gave up their home here on the first and have gone to Santa Rosa where they will make their future home. Mr. Stein disposed of most of his stock and the stationery and toy store which bore his name has gone out of business.

The Steins took an active part in commercial and club affairs during their residence in Sonoma and will be missed by a large coterie of friends, who will wish them every success in their new home, the city of Roses.

## MISS CAMINATA ENGAGED

The engagement of Miss Rose Caminata and Donald McIntosh has been announced. Miss Caminata is the charming young dental assistant and the lucky young man is the son of the former superintendent of the Buena Vista Farm. He is an ex-service man.

## CONSOLIDATE, BUT REJECT NEW SCHOOL

Dunbar's Recently Joined Districts Vote Down Bond Election for a Joint School House.

United they stand, but divided they are on the proposition of bonding the new consolidated districts of Glen Ellen, Dunbar and Kenwood for a \$30,000 building and site, the voters of these three Sonoma Valley districts defeating the project submitted at an election held Friday of last week. Twenty-five votes less than the necessary two-thirds were recorded. As a result the bonds were lost. The election was a spirited one from start to finish and it developed that although the three school districts had voted to consolidate, the question of the location of the joint school house property loomed up as an important issue. The site of the proposed building provided for in the bonds had not been settled upon and rumors were current which led to considerable feeling between Glen Ellen and Kenwood. Led by Thomas Johnson, open opposition developed with the result that bond enthusiasts could not muster sufficient votes to go over the top.

The trustees of the consolidated district declare that they mean to acquire a site and erect a building where it will be accessible to both Glen Ellen and Kenwood and say that later on they will submit the proposition again at a bond election.

The total vote of Friday's election was 326, 193 for the bonds and 133 against.

## A RESOLUTION WORTHY OF ADOPTION

**RESOLVED:** That the people of the community and surrounding country unite on a plan whereby the Sonoma Plaza may become a park in 1922 of which we can all be proud.

More than any achievement which would reflect credit on our city and its environs is the beautification of the historic square which is the conspicuous hub of the community. The time was never more propitious for this improvement. Sonoma, with its fine paved streets, new cement sidewalks and contemplated construction of business blocks, new residences and \$100,000 High School, will not be unmindful of the shabby acreage in its midst which should be a beautiful park but instead is just a rambling square whereon straggle several embarrassed monuments to good citizenship in the midst of uneven, weed-decked plots with here and there a blessed tree as a redeeming feature of the landscape. Picture our substantial City Hall surrounded by well kept lawns and banks of beautiful flowers; vision our library's trim architectural beauty outlined by handsome shrubs and greenward; glimpse the fountains erected by the Woman's Club doing service in the environment for which they have long thirsted; entuse at the possibilities of charming surroundings, for our wondrous old Bear Flag pole, the Native Sons monuments and the Mission San Francisco de Solano which the state cherishes but is slow to improve. Everything in the Plaza and surrounding it would take on a new aspect if this acreage given to the city by General Vallejo was transformed into a park.

Sonoma starts out upon the new year with the most progressive Board of City Trustees in its history, an organization of business men who have already taken up the Plaza beautification campaign and made a start in improvements surrounding the library, and a Woman's Club which was organized primarily for this very improvement and spent hundreds of dollars thereon. The Woman's Club from time to time has renewed its pledge to do all within its power to work for Plaza improvement, and every other organization is likewise heart and soul in accord with the idea of giving this city the park its importance in California municipalities deserves.

Let us therefore all resolve to see this improvement through during 1922, for it will be one of the best things yet to the credit of Sonoma's recent renaissance.

**WE DON'T TAKE KINDLY** to the Bolshevistic names in the Irish deliberations, for instance, Markiewicz. Just as long as the Irish people permit agitators to direct their affairs and influence them just so long will there be rebellion and trouble. Professional trouble makers masquerading under various pseudonyms and posing as the spokesmen and guardian angels of the unwary keep the world stirred up all the time because it is good for their pocket books. The Irish people trust these self-styled friends of a free Ireland with child-like confidence. Oratory of the hair-raising, spectacular type seems to sway them more than logic or reason. If they pin their faith to good old Irish names like O'Connor, you cannot blame the Belfast and Dublin folks, but when Markiewicz and similar foreign sounding names notoriously associated with radicalism obtrude, it were time for the goods folks of the Emerald Isle to sit up and take notice.

**STUDY THE PRESENT CRIME WAVE** and you will agree that it is the most deliberate and cold-blooded and successful ever pulled off in this century. Either prohibition is clearing the diabolic brains of the criminal element or jack-ass is creating new demonism where ordinary criminality existed before. It is our candid opinion that it is the former.

**THIRTY-FIVE MILLION DOLLARS** in the California State Treasury and most of it will be lapped up by political feeders whom a clever machine is keeping with their feet firmly entrenched in the trough. This machine never gets out of commissions, ungrammatically speaking.

**SAN FRANCISCO PAPERS** state that the prohibition enforcement officers took one look at the New Year's eve crowd, saw they could not put a dent in Volsteadism and decided to lay off—lay down would be nearer the truth.

**DEBS' COMMUTATION OF SENTENCE** is dubbed an "act of grace" on the part of the President. We trust it will not prove the opposite and then the national executive will not be put in an awkward position on account of his charity.

**A HICKORY HAMMER** lasts 25 years, says a headline. We have hammers in Sonoma which have been in use longer than that and are still going strong.

**A SERVICE STATION** near Modesto has been robbed for the fifth time. Better make it a police station.

**SOFT DRINK PARLORS** and speak-easies are becoming synonymous.

## NO ATTEMPT TO IMPERSONATE OFFICER, JUST DRUNK

After investigating the allegations that Bert Brown, arrested here last week, had been impersonating a revenue agent the authorities concluded that the impersonation consisted mostly in being drunk and that Brown's big idea was to put up sufficient jargon to keep in the atmosphere of "the wine divine which stealth away your troubles." He had therefore convinced some wine makers that he was on the job to get reports on their stock and after hovering around the wine vats went so far as to offer to sell a permit for \$10 which would enable wine possessors to sell all the good stuff they wanted. This latter offer was his undoing for the intended victim became suspicious and concluded that Mr. Brown was really not a good dry agent gone wrong but a good wet Brown considerably over-pickled, he was therefore turned over to the authorities.

Officers at Santa Rosa were convinced that Brown was not guilty of impersonating anybody but that he was exercising his bedizened brain in an ingenious manner while in Sonoma to be near his vino rosso.

When last seen, after being turned loose by the authorities of the Hotel de Boyes at Santa Rosa he was wending his way toward Sacramento, on foot and well balanced.

## DELIGHTFUL NEW YEAR'S PARTY

A merry party of friends were guests of Mr. and Mrs. A. Froment and family New Year's eve. The last evening of 1921 was pleasantly spent in music, games and dancing. At the approach of midnight, all danced the Virginia Reel, after which supper was announced.

It was a costume party and as each couple marched to the dining room, the strange costumes showed off to much advantage. Among the beautiful old gowns of a past period worn were those of Misses Amy and Gabrielle Heggie, whose antique jewelry was also much admired. The host and hostess appeared in dress of a generation ago, Mr. Froment in evening dress and silk hat, his wife in black lace with bouffant sleeves. Many other quaint and original costumes were worn by those present.

A bounteous spread with many greetings and toasts to the New Year was followed by games, songs and fortune telling, the merry party continuing well on into the novel hours of 1922.

## VOTERS BEING REGISTERED BY THE COUNTY CLERK

Registration of Sonoma county voters started Wednesday at the office of the county clerk. The names of several voters had been placed on the registry by noon and it was expected at the office that many more would register before closing time.

Preparations have been made to handle a large number of registrants where it is believed registration will be heavy this season.

**GRAND JURY REPORT TEEMS WITH INTELLIGENT COMMENT**

Shows Intensive Study and Conscientious Attention to Official Business Condition in County.

**COUNTY SUPT. IS RAPPED**

The Grand Jury report for 1921 is a document which will be read with interest by every taxpayer and resident of Sonoma County. It is not cut and dried like many reports of Grand Juries, nor is it sensational, but it teems with intelligent comment pointed out by constructive criticism and sounds like it emanates from men of good judgment and real interest in the welfare of the county. It gives praise where due and does not mince words when condemning the official who neglects his duties—Ben Ballard, County Superintendent of Schools coming in for a sharp rap at the hands of the inquisitorial body. The report warns against the popular fallacy of expecting miracles from new officials. "History of this county tells us that a change of officials will not help. New officials are elected promising great reforms and great reduction of taxes; after election they are drawn down into the whirlpool of the system under which they are working and taxes are increased." It is the present system which is faulty, says the report.

In reference to road costs, the Grand Jurors declare that if permanent roads and cement bridges were erected twenty years ago they would not have to be replaced today at exorbitant prices. We are paying the price on account of mistakes in the past. Past generations never realized that traffic conditions would ever reach such magnitude.

Following is the report in all its essential details:  
To the Honorable Judge of the Superior Court:  
The Grand Jury assembled on July 5, 1921, and after being sworn into

office and instructed in the laws and duties of their office, Mr. H. L. Hall was appointed foreman of the body and they immediately organized by appointing a secretary and capable committees to look into the affairs of the various offices of Sonoma County.

H. H. Elliott was engaged to expert the accounts of the officials. We have kept closely in touch with him and his investigations of the several offices.

We find many of the officials devoting their entire time to their respective duties and commend them highly in the conduct of their offices.

We find others who are almost strangers to their offices and who devote themselves to outside interests, neglecting the duties of the office to which they have been elected.

We recommend that each and every official devote their entire time to their official duties, keep regular office hours, systematize the work of the office and keep the work of their offices up to date. We find no excuse for officials not keeping their books regularly posted in a business like manner.

The county has attained wonderful results during the past year in highways and cement bridges. While these improvements have been costly they have been permanent improvements which will not have to be replaced and can be classed as an asset instead of a liability.

The high cost of labor and material has increased the cost of county government and reduced the mileage of the proposed county highway but we believe that by careful supervision on the part of the supervisors that a limited number of miles of permanent road can be built yearly.

We find the Farm Bureau doing a wonderful work in the interest of the producer and would urge the supervisors to co-operate with them and give them every possible assistance.

We recommend that in the appointment of the next Grand Jury that at least five members of the present jury be retained to carry on the work and improvements suggested by this body. We have carefully investigated sev-

eral cases presented to us by the District Attorney and his assistant.

In many of the cases we did not believe that the evidence was strong enough to secure a conviction.

In a prior report to you we have returned indictments in the cases of Frank Lopus, W. A. Cockrill and Y. Ikado.

**The Supervisors**

Realizing that the cost of county government was increasing yearly and as much complaint was heard in regard to the excessive expenditures of county funds for road machinery, automobiles, etc., the Grand Jury made a very careful examination into the executive management of county affairs.

We have interviewed the supervisors as well as the taxpayers, county officials and employees of the county in an endeavor to get the facts of the report.

We were also present when the yearly budget was made.

We believe that the supervisors are conducting the business of the county as well as can be done under existing circumstances. The system under which they are working is obsolete and should be abandoned.

Modern business methods demand a change if the cost of county government is to be reduced. History of this county tells us that a change of officials will not help. New officials are elected promising great reforms and great reduction of taxes; after election they are drawn down into the whirlpool of the system under which they are working and taxes are increased. It is costing the county of Sonoma nearly \$2,000,000 a year to conduct its business, and we find two of the supervisors receiving a salary of \$85 a month and the other three a sum of \$100 a month with a small sum added for mileage.

This small salary only permits them to devote a limited time each month to county business.

Any large corporation doing a similar business with underpaid employees or managers who devoted less than a week each month in the manage-

ment, of the corporation, would be bankrupt in less than a year.

We find that an excessive amount of road machinery, tractors, etc., has been purchased in the past for highway work.

These purchases were made during the regime of a former engineer and on his recommendation and we believe that these purchases were ill advised.

We find many roads and bridges in the county in a deplorable condition and it will, and is, costing large sums of money to replace them. This is a situation confronting almost every city and county in this state, if not in the United States.

If permanent roads and cement bridges were erected twenty years ago, they would not have to be replaced today at exorbitant prices. We are paying the price on account of mistakes in the past. Past generations never realized that traffic conditions would ever reach such magnitude.

We find the purchase and upkeep of county automobiles a very great expense and would advise that if the supervisors find it necessary to purchase that they confine their purchases to such cars as show the lowest cost of upkeep on the books of the county garage, but firmly believe that the salaries paid to the officials and employees of this county (with the exception of the sheriff) are sufficiently large for them to provide their own automobiles, the county paying for gasoline and oil when their car is used in their duties as county officers.

We condemn the practice of leading citizens appearing before the supervisors begging a donation or an appropriation for celebrations or advertising.

We advise the supervisors to cut down the extra employees in the county surveyor's office to the very smallest number necessary to carry on the completion of county highways.

We recommend that an election be held selecting a body of freeholders to write a new and modern charter for the county of Sonoma, and that this charter be submitted to the voters at the earliest possible date. Under a modern charter much of the high cost of running the county could be eliminated. This would be done by the consolidation of offices, the discontinuance of useless appointive offices and place the responsibility of executive management of the county in the hands of a capable, keen and well trained manager.

Supervisors are urged to see that each and every official of the county obey the laws pertaining to their office, and where dereliction of duty is found that the same be reported to the district attorney and that he take steps to correct the evil.

**County Treasurer**

We find the county treasurer's office conducted in a creditable manner. All county money has been at interest when not needed for immediate use, which has swelled the county finance to a great extent.

**The District Attorney**

After careful investigation we find the office of the district attorney to be carefully and efficiently handled.

We believe that expenses of running this office has been kept down to minimum, but would recommend that the salary of the district attorney be increased so that it would not be necessary for him to take outside work, in order to live.

We find that the district attorney is called upon to pass upon the legality of many of the claims against the county for money. We also find that there are many claims allowed by the Board of Supervisors which should not be allowed and their passage should not be blamed to the office of the district attorney.

**The Auditor**

There is much work put on the auditor that he should not be compelled to do. Writing of school warrants for all schools with three or more teachers. Although the law requires the auditor to do this, it makes him the writer instead of the auditor of such warrants.

The late delivery of assessment rolls, particularly the personal property tax, causes an extra amount of work at a very busy time, thus helping to clog the whole work of the office.

Mr. Pool is to be commended for the good form of the blanks he has gotten up, especially the personal property receipts for the assessor.

We recommend that the auditor be more systematic in the duties pertaining to his office.

**The Tax Collector**

We find the tax collector's office well conducted with the following exceptions:

The delinquencies on unsecured personal taxes have not been followed

Engine—24—A. Daily, or every 100 miles, pour fresh Zerolene No. 3 into crankcase through filler pipe until oil level gauge on crankcase registers "full." Avoid overfilling. Best results will be obtained if the oil level is maintained between "half full" and "full" marks on the gauge. To get a correct reading of the oil level gauge, the automobile should be approximately level and the engine not running. When engine is running the oil pressure indicator on dash should show pressure which will vary with the speed and temperature of the engine. If no pressure is registered, the indication is lack of oil in crankcase, oil pump not working properly, or some obstruction or break in oil passages. The engine should immediately be stopped and the trouble located and remedied.

At regular intervals, as recommended by the manufacturer, or, in the absence of such instructions, every 750 miles, the oil in the crankcase reservoir should be entirely renewed in the following manner: First, remove drain plug in bottom of crankcase, allowing all old oil to drain. This should preferably be done when engine is warm, as the old oil when heated will drain faster, and less of it will adhere to the inner surfaces of the crankcase. Next, replace drain plug and pour four quarts of Calol Flushing Oil into crankcase through filler pipe. Then start and operate the engine under its own power at a moderate idling speed for from one to two minutes, by which time all oil passages and inner surfaces will have been cleansed by the action of the flushing oil. Again remove drain plug and when certain that crankcase is thoroughly drained, replace plug and refill crankcase reservoir with fresh Zerolene Oil as specified. Approximately six quarts of oil are required. Before refilling with fresh oil the strainer or screen surrounding the oil pump intake should be removed, thoroughly cleaned and replaced. When filling the reservoir through filler pipe, care should be taken that no foreign matter is carried into the engine with the fresh oil.

Electric Generator—1—H. Every 500 miles apply a few drops of Zerolene No. 3 through oiler provided at each end of generator. Avoid surplus of oil at bearings on commutator end of generator.

Electric Starting Motor—7, 8—W. Every 1000 miles apply a few drops of Zerolene No. 3 through oiler provided at commutator end of motor. Avoid surplus of oil at this point. Oil Light Six, an oiler at rear end of starter

gear shaft should receive the same attention. Every 2000 miles starter gear reduction housing should be filled with Zerolene Cup Grease through grease hole provided. Starter clutch on Big Six and Special Six should be oiled with Zerolene No. 3 every 1000 miles.

Steering Gear Housing—26—U. Every 500 miles remove oil filling plug in side of housing and with oil gun fill housing with Zerolene Transmission Lubricant "A".

Clutch (Big Six and Special Six only)—10, 28. If the clutch is slipping because of grease or gummy condition of the leather, it should be thoroughly flushed with Pearl Oil (kerosene). With the engine running, the clutch pedal should be worked back and forth to allow the kerosene to cut and dislodge this greasy deposit. A small quantity of Auto Leather Clutch Oil should then be applied to the leather. If the clutch is inclined to grab by reason of the leather being hard or dry, apply a little Auto Leather Clutch Oil to the leather. The application of oil to the leather can best be accomplished by blocking the clutch pedal about half-way down. The clutch cone can then be revolved by hand and the oil applied to the leather at several points. Further turning of the clutch cone will distribute the oil evenly over its entire surface.

Every 1000 miles remove plug from clutch cone bearing housing and with grease gun fill interior of housing with Zerolene Cup Grease.

Clutch on Light Six requires no lubrication.

Transmission—30—Y. Every 500 miles remove oil level plug on side of transmission case, and, if no oil runs out, use oil gun to inject fresh Zerolene Transmission Lubricant "A" until it begins to overflow through opening. Then replace plug.

Every 2000 miles remove drain plug from bottom of case and allow all old oil to drain. Then remove cover and case with gears, shafts and interior of transmission is clean and thoroughly drained, replace drain plug and fill to correct level with fresh Zerolene Transmission Lubricant "A".

Rear Axle Housing—17—N. Every 500 miles remove oil level plug in rear of housing, and, if no oil runs out, use oil gun to inject Zerolene Transmission Lubricant "A" until it begins to overflow through opening. Then replace plug.

Every 2000 miles remove rear cap or cover on housing and wash gears and bearings with Pearl Oil (kerosene). Wipe out all old oil and kerosene from bottom of housing with clean rags. Do not use waste. Replace cover on housing and fill with fresh lubricant to proper level.

Note: As bearings in both transmission and rear axle are entirely lubricated by splash from revolving gears, hard grease should never be used as a lubricant in either place.

Universal Joints (on Big Six and Special Six only)—32, 35. Every 500 miles remove grease plug in both universal joints between transmission and rear axle and with grease gun fill joints with Zerolene Cup Grease. These joints hold only a small amount of grease, and as they are constantly in action and transmit all driving power from the engine to rear axle, it is important that they be kept well lubricated.

Wheel Bearings—5, 15, 22, 37—D. R. Every 2000 miles remove both front and rear wheels and wash bearings and hubs thoroughly with Pearl Oil (kerosene). Repack bearings with fresh Zerolene Cup Grease and replace wheels, being careful to get proper adjustment on wheel bearings.

Spring Leaves. Every 500 miles, or whenever springs squeak, clean off all dirt and old oil and apply small quantity of Standard Household Lubricant along the edges of spring leaves. A small brush may be used for this purpose, or the oil applied by means of Standard Household Lubricant Handy Can with spray attached.

Grease Cups. Daily, or every 100 miles, turn down all grease cups two complete turns, refilling cups with fresh Zerolene Cup Grease when empty. Particular attention is directed to grease cups on all steering gear links, 6, 20, 22, 27—E, P, S, V, clutch shift bearings, 11—1; steering gear shaft bearings, 26—U; distributor shaft, 18—G.

General Lubrication. Daily, or every 100 miles, use squirt can to apply Zerolene No. 5 to all oil cups and small working parts not otherwise lubricated. Parts to be oiled in this manner include all spring bolts, 3, 9, 13, 16, 19, 25, 34, 38—B, F, K, M, O, T, BB, DD; steering knuckle bolts, 4, 21—C, Q; brake shafts, 14, 33, 36—J, L, AA, CC; brake clevis pins; steering wheel, 31—Z; spark and throttle connections; clutch and brake pedal shaft, 12, 29—X; etc.

**Schedule of Lubrication**

Daily or every 100 miles: Engine Grease Cups; General Lubrication. Every 500 miles: Transmission; Rear Axle Housing; Universal Joints; Spring Leaves; Electric Generator; Steering Gear Housing.

Every 750 miles: Drain and Flush Engine Crankcase. Every 1000 miles: Electric Starting Motor; Clutch Hub Bearing. Every 2000 miles: Transmission; Rear Axle Housing; Wheel Bearings; Starter Gear Reduction Housing.

### GRAND JURY REPORT TEEMS WITH INTELLIGENT COMMENT

up, even after a notice had been sent. The amounts varying from one cent to larger amounts. In several of the larger amounts the delinquent parties are out of the county and the taxable property has been removed.

We suggest that the tax collector take up all delinquencies and collect all taxes due irrespective of the amount.

#### County Clerk Commended

We have gone over the records of the county clerk's office with the grand jury expert and with the exception of one or two minor clerical errors found everything in order.

The general conduct of the office appeared to be very good.

All records are kept up to date and the work appears to be carried on in a very creditable manner.

The general appearance of the office is also very good. All files, cabinets, books, etc., are kept in good condition.

#### Justices of the Peace

We have checked the accounts of the justices of the county, finding but few errors, all of which have been corrected.

Would recommend that if possible there should be but two justices of peace in the county, one at Santa Rosa and one at Petaluma, allowing the justice at Santa Rosa a clerk for his court. Many of the justices have but one to four cases in a year; while anything of importance is usually transferred to Santa Rosa Township from the smaller places.

#### The Assessor's Office

The assessor's office is well conducted and the records are kept in an up to date and efficient manner.

We would advise prompt monthly settlements of all personal property taxes with the auditor, in order that this money can be placed at interest.

We condemn the practice of extending the time of payments on personal property taxes and recommend that this practice be abolished and the assessor and his deputies collect the same as required by the law of the office.

#### The County Engineer

This office is now abolished by a decision of the courts. The work of supervising the building of cement bridges and highways is now carried on by the county surveyor.

This office has been the cause of a great deal of expense in the past, but under the regime of the present surveyor we believe that the office

## Americans Find Armenians Victims of Circumstances, not Beggars

Homeless Waifs at Erivan Railroad Station.

A Victim of Scabies, Nearly as Prevalent as Starvation.

The Armenian government would soon be able to work out its own salvation if it could enjoy a brief period of peace, in the opinion of an American Commission which has just returned to the United States after an exhaustive survey of the situation in the Levant. This Commission, which was sent out by the Near East Relief, made a personal inspection of conditions from Syria to the Caucasus Mountains. In addition, the reports of relief workers who have been long on the field and of government officials carefully examined.

"In those few districts where the Armenian has been able to live in peace he has thoroughly demonstrated his ability to care for himself and his own," declares Chas. V. Vickrey, general secretary of the relief organization, who headed the Commission.

"Naturally industrious, with an inherent distaste for accepting charity, it has been the whole-sale disorders of the past year that have prevented the people from realizing their cherished dream of a stable, independent government."

"Even in the present crisis, in the midst of starvation and cholera making such rapid inroads into the population that it seems impossible for any to survive, the people are struggling bravely against overpowering circumstances."

"Armenia is starving, not because her people are depending on outside aid for their existence, but because occupation of their land by hostile forces and the consequent interruption of normal occupation, have made them helpless."

has been conducted in a careful and business-like manner. We would advise that as the highway work is completed that the extra help of this office be cut to minimum.

#### The Sheriff's Office and Jail

The sheriff's office is conducted in an efficient and business like manner. The books and records are neatly kept, the sheriff and deputies are attentive to business and accommodating. The jail is clean and is well conducted. We find accounts in office in good shape.

#### The County Recorder

The county recorder's office is in fine shape and is conducted in a creditable manner. The records are neatly kept, the cabinets and furniture are in good shape.

#### School Superintendent

We find the books of this office in

a deplorable condition. They have not balanced with the treasurer's and auditor's offices since 1916.

Notwithstanding the condition of this office, we find that the superintendent of schools is now away on an extended leave of absence.

It is the consensus of opinion of this Grand Jury that unless some pertinent New Year's resolutions be made in the office of the superintendent of schools, his leave of absence should be made permanent.

Court House, Grounds, and Garage. We find that the Court House is in very good condition with the exception of the heating plant, and would advise that the same be repaired so the heat will be more equally distributed throughout the building.

The county garage is a necessity with the many cars and tractors now owned by the county.

#### County Hospital and Farm

The County Hospital and Farm is conducted in an efficient manner.

#### The Coroner and Public Administrator

This office is conducted in an up to date and business like manner. In the public administrator's office there are several small balances shown by the treasurer's books which should be cleaned up. This Mr. Phillips has a list of and says will attend to same.

#### Purchasing Agent's Office

We wish to call attention to the surplus and unnecessary stock of court house supplies carried in the store room of the purchasing agent.

During the fiscal year of 1920-21 we find that the total stock and purchases of this period inventory \$10,919.16, while the requisitions for the same period were but \$3,034.56.

We recommend that in the future, these purchases be somewhat in keeping with the requirements, and that this office should in the future be required to practice rigid economy in the matter of all county purchases.

#### The Detention Home

The Detention Home is well conducted and a valuable asset to the county.

### HOLIDAY PROGRAM AT WATMAUGH SCHOOL

Friday afternoon, Dec. 23rd passed off very pleasantly at Watmaugh. Besides interesting and appropriate recitations by nearly all of the thirty-two pupils, the following special features were presented: — "Christmas is coming" and "The Stocking Brigade", playlets, given by Lorraine and Doris Douglas, Conrad, Matilda, Cecilia and Elinor Jakober, Severino Gestra, Gerhardt, Randolph, Oliver Matteri, Severino Gestra, Walter Hoeft, Jessie Giubergia and Vernet Ryan. The music consisted of community singing, also "Silent Night", Christmas carol; "Trails Tomorrow Land and When It's Moonlight in California, music being furnished by the recently purchased school organ. Last on the program was a dramatization of the Christmas chapter of Miss Alcott's Eight Cousins, with the following cast of characters: Rose, Elvezia Sganizino; Archie, John Hoeft; Charlie, Bradford Champlin; Mac and Jamie, Americo and Italo Giubergia; Steve, Elmer Perry; George, Herbert Randolph; Will, William Hoeft. Uncles: Mac, Henry Matteri; Alec, Alfred Sgheiza; Jem, Perle Meeder. Aunts: Plenty, E. Leshier; Peace, Althea Douglas; Jessie, Armenia Gestra; Jane, Mary Matteri; Phoebe, Helena Sgheiza; Fun, Seel Malcom Champlin.  
Candles were then lighted on the Christmas tree.

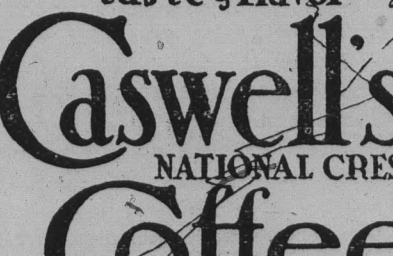

### N. W. P. HAS NEW GIANT FERRY BOAT

In the presence of officials, the Eureka, the rebuilt Ukiah, said to be the largest passenger and automobile ferry boat in the world, was launched at the company's yards here Saturday at 2 o'clock. The ferry was christened by J. Q. Barzell, superintendent of motor power for the N. W. P. The giant craft, which was designed and the construction supervised by Charles Green, naval architect and engineer and assistant superintendent of steamers of the Southern Pacific Co., is 300 feet long and 80 feet beam and will accommodate 120 automobiles on the main deck. It has a seating capacity of 1200 passengers on the saloon deck and was built especially to take care of the increased automobile traffic between San Francisco and Sausalito, between which two points the boat will ply. A feature will be the dining room which, contrary to the custom in most of the Southern Pacific boats, will be located on the saloon deck. The engine is a walking beam engine with a steel galleys frame said to be the second ever installed in a wooden boat on this coast. The cylinders are 65 inches in diameter with a 12-foot stroke and the boat is equipped with four Scotch boilers. She will be ready for duty about the middle of February.

### U. O. R. M. GRAND OFFICERS HERE SOON

The grand officers of the Redmen will be here on the 28th of January for the annual installation of officers of Sonoma lodge of the Order and the Daughters of Pocahontas. There will be the usual fine banquet speeches and enthusiastic discussion of the big convention which comes to Sonoma this year and will crowd our city during July. Big preparations are being made by the local lodge for this gathering and as the grand officers all like Sonoma Valley, the coming event is being eagerly looked forward to by all concerned.

### EL VERANO ITEMS

(Interesting gleanings from El Verano's popular press agent, our old friend, Archibald McKiver)

Joe Escolle has gone to Novato to visit friends.

Mrs. Bonhoff of Santa Rosa was visiting relatives here Tuesday.

Joe Danieli motored to Frisco New Year's eve and saw the old year out.

Louis Kearney spent the forepart of the week visiting cities about the bay.

Hugo Spitzer was the guest over New Year's from Vallejo, with relatives.

Mrs. Mont Akers of Schellville was the guest at the Minkel residence on Tuesday.

Charley Gill of Agua Caliente was in town Monday extending New Year greetings.

Miss M. Walsh of San Francisco was here Sunday, a guest at the Kearney home.

Robt. Poppe Sonoma Valley pioneer attorney, was here Monday, transacting business.

Miss Nellie Andrews has returned home after spending several weeks in San Francisco.

Mr. and Mrs. W. H. Bush of Sonoma Vista were in Petaluma Tuesday visiting friends.

Mr. Nickolini, Sonoma plumber was a passenger over the S. P. last Saturday for Vallejo.

Mr. and Mrs. Walter Paulsen spent New Year's in San Francisco visiting relatives and friends.

Charles Danieli came up from San Francisco and spent New Year, the guest of relatives.

Jack Main and Jack Murray of Sonoma transacted business in the metropolis one day last week.

Ira B. Harvey of Two Rocks was here over New Year's the guest of his old friends, A. W. Weaver.

Captain Muldowney, chief of the El Verano Fire Department, transacted business in Oakland Tuesday.

Ed Dowdall and wife of Alameda motored to this place New Year's eve and were guests at the Murray residence.

Mr. and Mrs. M. Repetto and infant daughter of San Francisco were here New Year's, visiting at the Chelini residence.

Felix Boche, well known trapper, returned from Santa Cruz Tuesday after seeing the old year out in the Santa Cruz valley.

Joe Fitzgerald and Albert Rossi were in Crockett the latter part of the week extending New Year greetings to the boys of that section.

Tom Sperry a crackerjack ball player, of the Santa Clara College, and also a student, is visiting at the O'Brien ranch in the western foothills.

Mr. and Mrs. L. B. McKinnon and Miss Irene Dowdall motored to Concord Monday after spending the holidays at the Dowdall residence here.

Last Sunday evening as Charles Danieli of San Francisco and Bill Wyatt were returning from Wingo they collided with another car, but no one was hurt.

Henry Koerner has added to his large touring bus a new bell which lets the public and other auto drivers know he is coming. Safety first; good idea.

W. Caulfield last week shipped over the S. P. line to Willows three carloads of choice milk cows. He received a handsome price for the lot. Harry Rogers was the shipper.

Wm. Chance, who was foreman of a ranch in the wilds of Modoc county, will remain here and shortly will be joined by his wife and make his home here. Billy says the Valley of the Moon looks good to him.

M. F. Mullen, veteran S. P. station agent, but who is now on the pension list of the S. P. Co., has received his annual pass over the S. P. lines for 1922. The pass also includes his wife. This is some New Year's gift.

Among the guests at the Murray residence New Year's day were Mr. and Mrs. Art Walker of Rincon Valley, Mr. and Mrs. Fred McFarland of Sebastopol and Mr. and Mrs. Jerree of Vallejo.

One day last week Henry Joost, of the Joost Chicken Ranch, while working on the outside of the house, placed his hammer on top of a ten-foot ladder and upon descending to the ground the hammer fell, cutting an ugly gash in his head and causing him pain for some time after.

Several representatives of the State Highway were here Monday looking over the S. P. yards with the intention of putting in a gravel chute here to make shipments of gravel to be used on the different highways throughout the state. The gravel is to be taken from the gravel beds of Sonoma creek.

The wedding of Theodore Amstalden and Mrs. Frye took place at the former's ranch above town. A large crowd of friends gathered at the home Saturday evening, and after the ceremony a banquet was served. Mr. Amstalden is one of Sonoma Valley's progressive dairymen and his many friends extend congratulations.

The many friends here were pained to learn Sunday of the death of one of the old time pioneers, at Petaluma, Mr. Carmer, who resided here for a number of years and had many friends. For the past few years he made his home in Petaluma with a daughter. A large number of friends from here attended the funeral at Sonoma Monday.

Train No. 69, coming towards El Verano Sunday morning from Santa Rosa was stalled at Warfield by a would-be practical joker, who removed the switch lamp from the signal at Warfield station during the night. Ben Brauss, the brakeman, walked ahead of the train to Glen Ellen and seeing everything was alright, the train proceeded on its way. This is a serious offense and a sharp lookout is being made for the offender. The train was late in arriving here.

New Year's eve was celebrated throughout the Valley in a fitting manner. El Veranoites turned out en masse to welcome the new year. Music, bonfires, anvils and horns added to the jollifications. The chief cause of excitement was when the Boyes Springs Fire Department pulled into town at midnight and those that were around knew that the gang was here. After seeing the old year out, the boys gave three cheers for El Verano and left for a run up the valley to see the rest of the celebrations.

The Nonella family of El Verano entertained their two daughters, the Misses Eleanor and Mabel Nonella of San Francisco. The latter is training to be a nurse at the French Hospital in San Francisco and says the job agrees with her splendidly. The girls exchanged greetings with many friends while here watching the old year disappear. They also say they wish our El Verano editor would have some young girl make an application as assistant so he will not have to capture Viola Vineburg.

### CARD OF APPRECIATION

I wish to thank my friends and customers for their patronage during 1921 and assure them that the Eagle Grill will more than ever try to please the public this season. Many improvements are contemplated and good food and good service at right prices will continue to be my motto. Wishing everybody a happy and prosperous New Year.

JOHN PLUTH.

Sonoma, Jan. 3, 1922.

### AUTO DESTROYED BY FIRE

George Carpenter, prominent resident of the Baxter tract had the misfortune to have his beautiful touring car take fire at his ranch on New Year's day and before the blaze could be extinguished, the fine machine was badly burned. The loss is partially recovered by insurance.

### HIGH SCHOOL NOTES

School was resumed again on Tuesday morning and although we like vacation, it seems pretty nice to wander around the old halls again.

We have all turned over a new leaf and made brand new resolutions which we will keep until we forget about them.

Two new students entered High School this week, Albina Nardi and Darrel Cassidy. Altogether 58 freshmen applied for admission to school this year thus far.

Thursday, Dec. 29, 1921, Sonoma High traveled to Napa and played two games of basket ball. Our 130 pound team did not fail us and although it was a close game we came off victorious with six points to our credit. The score was 30 to 24. The unlimited team hasn't hit its streak of luck yet and so did not carry off the laurels but we always hope for better the next time. The score was 47 to 10, in favor of Napa. We were handicapped in the unlimited game by the absence of James Bigelow, our surest goal, who was sick with the mumps. His brother, Windsor, played part of the game, although only recently recovered from the mumps.

## SUMMONS.

### IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SONOMA.

Action was taken in the Superior Court of the State of California, in and for the County of Sonoma, and the complaint filed in the office of the County Clerk of the County of Sonoma. J. W. Ford, Santa Rosa, Calif., Attorney for Plaintiff.

**ADOLF ENGLIN**, Plaintiff, vs. **CITY OF SONOMA**, a Municipal Corporation; **DENNIS CHANCE**, **JOHN A. BREWSTER**, **HENRY BECKETT**, **EFFEY S. ANDERSON**, **CHARLES BARTLETT**, **N. J. T. LONG**, **JOHN DOE FOGASSA**, **JOHN DOE ST. AMAND**; and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto. Defendants.

The People of the State of California send greeting to City of Sonoma, a Municipal Corporation, Dennis Chance, John A. Brewster, Henry Beckett, Effeey S. Anderson, Charles Bartlett, N. J. T. Long, John Doe Fogassa, John Doe St. Amand; and also all other persons unknown, claiming any right, title, estate, lien, or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto; Defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Sonoma, within ten days after the service on you of this summons, if served within this County; or within thirty days, if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the court for any other relief demanded in this complaint.

The object of this action is to make the above-named defendants and also all other persons unknown claiming any right, title, estate, lien, or interest in the real property described in the complaint adverse to plaintiff's ownership, as well as cloud upon plaintiff's title thereto, set forth the nature of their claim or claims to the said real property hereinafter described, if any they have, and that such claim or claims be adjudged to be of no effect and void, and that plaintiff's title to the same be quieted against them.

The said real property is all that certain pieces or parcels of land situate, lying and being in the Town and County of Sonoma, County of Sonoma, State of California; and designated, described and numbered upon the official map of said town (now City) and described as follows, to-wit: Being the East half of Lot Number 278, and the East half of Lot Number 279, also the Street adjoining said East half of Lot Number 279 on the South side.

GIVEN under my hand and the seal of the Superior Court of the State of California, in and for the County of Sonoma, this 4th day of November, A. D. 1921.

## AUTO BUS STRUCK BY PASSING CAR

The San Rafael-Sonoma Valley auto bus was damaged in a collision near St. Vincent's Monday when a passing car skidded and struck the big Cadillac bus broadside. No one was hurt with the exception of one of the occupants of the roadster who was slightly bruised. The auto bus was driven by Fred Steurmer who saw the car coming toward him and noticed that it did not hold to its side of the road very well. He gave it all the room possible in passing, but the driver evidently lost control of the roadster with the result that it hit and badly damaged the side of Steurmer's car.

## SONOMA VALLEY IMPROVEMENT CLUB

At Joe Garoni's next Tuesday there will be a card party under the auspices of the Sonoma Valley Improvement Club. A dance at Fetter's on the 21st had also been planned by the Club.

## JURY ACQUITS ADOLPH TRAPPE

After being locked in the jury room one hour, the jury before whom the Adolph Trappe case was tried in Judge Seawell's court Thursday, returned a verdict for acquittal Thursday evening.

Trappe, who was being tried on a complaint sworn to by his wife charging him with a statutory offense against his 17 year old stepdaughter, was immediately rearrested on charges preferred against him by Constable Jack Murray of Sonoma, accusing him of a similar crime against a 14 year old stepdaughter, younger sister of the first girl in the case. Trappe was released on \$5000 bail.

The stepdaughter against whom Trappe was said to have committed the assault was the first witness called. She was cross-questioned by Attorneys Wm. F. Cowan and Clarendon Anderson. The girl stated that her stepfather had attacked her on several occasions in their home near Sonoma.

Dr. A. M. Thomson was called to the stand and testified for the prosecution regarding the girl's physical condition. Trappe's character was upheld in the testimony of C. R. Potter, who was the next witness. He stated that Trappe's character appeared to be beyond reproach.

The final witness called in the case was Mrs. Maria Trappe, wife of the accused man. She told of having learned from her daughter of the alleged attack.

The defense attempted to show in its arguments that the criminal action was instituted by Mrs. Trappe as a part of a divorce proceedings. It was claimed by Attorney Cowan that the accusation and divorce proceedings were brought some time before, and later an affidavit was filed denying the charges and a dismissal to the first divorce action was filed.

Later, it was stated, the action was revived and the affidavits apparently forgotten.

Assistant District Attorney Campbell pointed out that the affidavits, withdrawing the first charge against Trappe were filed because Mrs. Trappe disliked publicity.

The case was submitted to the jury at five o'clock and their instructions given them shortly after by Judge Seawell. By 6:30 the verdict for acquittal was brought in.

## ORDER TO SHOW CAUSE

### IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SONOMA.

In the Matter of the Estate of Margaret Reed, Deceased.

On reading and filing herein the duly verified petition of Annie Ewing, the administratrix of the estate of said deceased, praying for an order of this Court authorizing her as administratrix of said estate, to lease all said estates interest in the lands described in her said petition—which said estates interest in said lands is the undivided one half thereof—at the sum and for the term in said petition specified.

IT IS THEREFORE ORDERED, that all persons interested in the estate of said deceased, appear in the Court-Room of this Court, in the Court House, in the City of Santa Rosa, on the 3rd day of January, 1922, at 10:00 O'Clock A. ## ALICE IN HUNGERLAND

Lewis Carroll's Alice, who adventured in Wonderland, experienced many emotions. Some of them were pleasant emotions and gave pleasure and amusement to all who read about them. But Alice saw many things that were disconcerting to her child mind and gave her and her readers great distress. She saw little creatures struggling with circumstances that were seemingly unsurmountable; she saw them battling with conditions that were both inconsistent and wholly wrong, and through it all she saw the people of her adventure striving to make the inconsistencies meet and in some way right the wrongs that confronted them. Alice herself did all she could to help.

Near East Relief has a story of another Alice. This story tells that this Alice, who father was a worker in the Near East, was inspired to go and see for herself the tangled circumstances of the people for whom her father worked so hard.

She stowed herself away in a boat that was going to the Near East laden with supplies sent out by the American people. After certain vicissitudes she reached her father in Constantinople. From there she went over the Black Sea to Batum and then into the interior to Tiflis, Alexandria, and in these places she saw sights as incongruous as any seen by Alice in Wonderland and these sights were underlaid with the tragedy of being real.

See all that Alice saw in the great film picture at the Don Theatre to night. It will be shown in conjunction with the regular bill for the evening. The regular Don prices will prevail.

## SEALS WILL TRAIN AT BOYES SPRINGS

An important conference was held at Boyes Springs between the management of the Springs and ball park and three noted representatives of the Seals, San Francisco's great baseball team. Messrs. Graham, Putnam and Dr. Straub were here arranging preliminaries and it is practically settled that the Seals will go into training here. Arrangements are being made to build new bleachers and otherwise improve the park.

## "LET US GIVE A THOUGHT TO THE JAMES M. DONAHUE"

From the Northwestern Pacific "Headlight" we note the following: "At present there is being dismantled the ferry steamer James M. Donahue, launched in 1874, whose occupation has woven so much into the woof of the history of the North of Bay counties during the past 42 years. For six years the Donahue had been a pensioner, retired with enviable record. She had 40 years of unremitting service which has been nobly performed. Not hers, the unsightly rotting which her contemporary received. For 40 years she was the pride of the company and has merited the respectable dismantling accorded her. The Donahue is gone. Let us give a thought to the James M. Donahue."

Many old timers in Sonoma Valley remember the halcyon days of the ferry steamer Donahue which plied between San Francisco and the landing known as Donahue, just below Lakeville. Trains did not run into Sonoma then so if travelers wanted to get to San Francisco, they bought a through ticket for \$1.50 from the "curly headed" stage driver, James H. Albertson, and his Concord coach with four or six horses, drove out the Petaluma road, over Stage Gulch, to the landing and boarded the Steamer James M. Donahue. In those days the roads were all but impassable in the winter time and it took fine teams to haul the passengers and mail to and from the ferry. Out of the \$1.50 fare, the stage took a dollar and the ferry company got the rest. The Donahue, while slow, was sure and many social hours were passed together by fellow travelers on her hospitable decks.

Long after the discontinuance of the Donahue landing, the steamer Donahue did service on the run between San Francisco and the Marin shore. Its passing doth truly end an honored career and though in its wake faster and more luxurious boats may follow, there will always be a ripple of emotion as old timers remember how they boarded the Donahue at old Sonoma landing.

Mr. and Mrs. Will Peterson of Richmond are the happy parents of another baby boy.
